

## SAO2GO

### Safer Sanitizing. Greater Productivity.

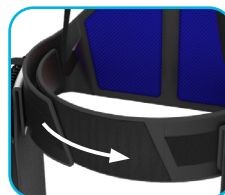

The new SAO2GO uses advanced technology to turn tap water into tersano's patented Stabilized Aqueous Ozone (SAO®) solution on the go and on demand.

Featherlight with a fine mist, SAO2GO dramatically improves productivity by increasing staff movement, expanding cleaning coverage, and delivering continuous runtime.

- ▶ Powerful SAO kills germs, then quickly reverts to water and oxygen;
- ▶ Superior design with quick slip-on, slip-off;
- ▶ Cordless, lightweight, tough construction;
- ▶ Quiet, simple to use and easy to maintain;
- ▶ Convenient waist strap carries tools.

#### Perfect for:

- Healthcare
- Education
- Transportation
- Office Buildings
- Remote Sites

**Universal Belt Design**  
Fully adjustable (fits any user). Simply overlap the velcro belt straps until a secure fit is achieved.

**Fatigue Free Use**  
Backpack secured to the waist, maintaining perfect posture.

**All Day Comfort**  
Adjustable shoulder straps offer comfort and support to the operator.

### SAO® is Laboratory Tested and Government Regulated.
