## BAUDOIN WASH-SYSTEMS B.V.

Baudoin Wash-Systems b.v is constantly working on new developments, techniques and innovations in the area of glass and façade cleaning installations. Feedback and supply from the market is considered most important at Baudoin, which results in products being made for and by the cleaning industry. With 25 years of experience in the industry as a producer of various wash systems and active on the market since 2003, national and international, Baudoin offers answers and solutions to every problem!

The products of Baudoin Wash-Systems are being manufactured and assembled in our own workshop, which makes us able to constantly monitor and maintain the quality of our products. With short lines in our company and dealer network, communication to our customer is guaranteed to be fast, efficient and flexible.

Besides our 100% custom-made products, we have also built a product line which is suitable as a package for every trailer or company car. If your wishes go beyond to what is described in this brochure, Baudoin, or one of its dealers, will translate all your needs into a personalized product. For example a combined high- and low pressure system build into large trucks, company cars, trailers and hydraulic hoists, combined with Hydro powered rotating brushes. This development is for instance suitable for fast and efficient cleaning of solar panels, cladding, greenhouses and many more.

**Shortly: Every wish can be realized.**

### Why choosing a Baudoin System?

- High quality
- Reliability
- Flexible
- Total concept supplier
- Ergonomic
- Innovative
- Durability

# BAUDOIN AQUA FORCE PURE WATER UNIT

As a manufacturer, we have many years of experience in producing and developing our own pure water units. With our wide assortment of mobile and fixed units we are able to meet all the request of our customer. These units can be executed from 200 liter to 2000 liter each hour. Because clean, pure water is our most important goal to obtain stripeless and shiny results, we only selected the best materials to maintain our high quality. Besides, these 100% self-operating machines are very easy to control and are low maintenance.

## SMA200 Baudoin Aqua Force Smart 200:

This is the smallest water unit in our product range. Suitable for small projects and objects to make instant water.

- produces 160 liter of pure water each hour
- stainless steel frame 75x38x38 with 2 wheels and handle
- without computer / power 230V
- integrated water filter

## BAFC250/500 Baudoin Aqua Force compact 250/500:

This is a fully automatic water unit. Suitable in almost every existing wash system.

- produces 200/400 liter of pure water each hour
- stainless steel frame 75x38x59 cm
- flow meter
- with computer/power 230V
- integrated water filter
- front pressure pump

## BAFCM250/500 Baudoin Aqua Force compact mobile 250/500:

This is a fully automatic mobile water unit. This water unit is a mobile solution and therefor suitable for example to put on a rooftop, mobile wash area, harbors, train stations and many more.

- produces 200/400 liter of pure water each hour
- stainless steel frame 75x38x130 cm
- flow meter
- with computer / power 230V
- integrated water filter
- stainless steel hose reel incl. 60 meter hose
- transport kit existing of: 4 wheels, 2 handles
- front pressure pump

## BAFCOM500 Baudoin Aqua Force Combi mobile 500:

This is a fully automatic mobile water unit for those who needs lots of pure water. This water unit is a mobile solution and herefor suitable for example to put on a rooftop, mobile wash area, harbors, train stations and many more. This machine is suitable for 2 persons and has a buffer tank for 80 liter pure water and therefor it is appropriate to work with more pressure.

- produces 400 liter of pure water each hour
- stainless steel frame 75x63,5x130 cm
- front pressure pump / extra pressure pump
- integrated water filter / flow meter
- stainless steel hose reel incl. 60 meter hose
- transport kit existing of: 4 wheels, 2 handles
- with computer / power 230V
- buffer tank 80 liter

## BAFC900 Baudoin Aqua force compact 900:

This is a fully automatic water unit for those who need maximum of pure water or in combination with high pressure in a compact system. Suitable in almost every existing wash system.

- produces 900 liter of pure water each hour
- stainless steel frame 125x45x45 cm
- with computer / power 230V
- external water filter
- front pressure pump
- flow meter

## BAFVC500/1000 Baudoin Aqua Force compact 500/1000 fixed unit:

This fully automatic fixed water unit is ideal for those who have more units to fill. In combination with a storage-tank you are able to quickly fill multiple units as a tankstation. Besides this, the BAFVC500/1000 can be placed on top of every building to get purified water into the cradle.

- produces 400/1000 liter of pure water each hour
- stainless steel frame 316, 80x70x190 cm
- flow meter
- with computer / power 230V
- integrated water filter
- front pressure pump
- extra pressure pump
- with watersoftner and DI filter

Tanks  
1000-10.000 liter

Tank filling Hose

## BAFVC2000 Baudoin Aqua Force compact 2000 fixed unit:

This fully automatic fixed water unit is ideal for those who have more units to fill. In combination with a storage-tank you are able to quickly fill multiple units as a tankstation. This unit is suitable for large amounts of pure water in every building or an industrial situation.

- produces 2000 liter of pure water each hour
- stainless steel frame 316, 180x70x190 cm
- digital flow meters
- with computer / power 400V
- integrated water filter
- front pressure pump
- extra pressure pump
- with dual watersoftner and DI filter

## BAUDOIN OUTDOOR WINDOW, SOLAR AND INDUSTRIAL CLEANING BUILD IN VAN AND TRAILER

### Carbo Clean Pole

Baudoin offers a large range of professional cleaning systems, which helps you in cleaning glass and façade surfaces. Choosing one of the below systems will make it able to simply clean glass, façades, cladding, solar panels, cars and many more. There is a choice between a single or double system, executed with a Baudoin Aqua Force Pure Water Filter Unit and/or an Aqua Heating Unit for heated pure water up to 45° C. All our systems are built with specially designed tanks with several compartments which stabilizes the water for save driving. These tanks are also captured in a solid stainless steel frame for save and easy installation. On top of these frames all pumps, hose reels, electricity and chosen accessories will be assembled. The pumps and the electricity will be assembled in a closed PE box. By this way of building up the wash-systems we create a compact unit which is suitable for every kind of vehicle.

#### CCP660

##### Carbo Clean Pole build in single system 660 liter:

- 3 tanks à 220 liter in stainless steel frame
- 1 stainless steel hose reel incl. 120 meter hose
- 1 pump 10 bar, 12V with variable water quantity settlement

##### option CCP660RO:

- Baudoin Aqua Force Pure Water Filter Unit 250

#### CCP660ROM

##### Carbo Clean Pole build in single system 660 liter with water unit 250 for more water and flexibility included Aqua Heating unit to clean up to 30% faster than regular temperature:

- 3 tanks à 220 liter in stainless steel frame
- 1 stainless steel hose reel incl. 120 meter hose
- 1 pump 10 bar, 12V with variable water quantity settlement
- Baudoin Aqua Force Pure Water Filter Unit 250
- Aqua Heating unit M, 11,6 Kw / 12V

#### CCP880

##### Carbo Clean Pole build-in double system 880 liter:

- 4 tanks à 220 liter in stainless steel frame
- 2 stainless steel hose reels incl. 120 meter hose
- 2 pumps 10 bar, 12V with variable water quantity settlement

##### option CCP880RO:

- Baudoin Aqua Force Pure Water Filter Unit 250

#### CCP220E

Carbo Clean Pole extra 220 liter tank, which can be added to all mentioned systems.

#### CCPE210

##### Carbo Clean Pole electra group. This article is required with every above mentioned system.

- battery pack 210Ah, 12V, incl. PE battery box
- charger 25Ah, 12V
- power group existing of: 2 power outlets 230V, 1 automatic fuse, power cable 10 meter

## BAUDOIN OUTDOOR WINDOW, SOLAR AND INDUSTRIAL CLEANING BUILD IN VAN AND TRAILER

### CCP880R0500 **ECOLINE**

#### Carbo Clean Pole build in double wash system 880 liter:

- 4 tanks à 220 liter in stainless steel frame
- 2 stainless steel hose reels incl. 120 meter hose
- 2 pumps 8,5 bar, 24V with variable water quantity settlement
- digital colour touch screen control
- stainless steel electricity cabinet
- Baudoin Aqua Force Pure Water Filter Unit 500
- complete build in electricity group with PE battery box 24V system
- 2 battery long life packs 210 Ah, 12V, included charger 30 Ah, 24V
- power group existing of: 2 power outlets 230V, 1 automatic fuse
- 17 meter, heavy duty cable reel. 230V / 16A / 2300W / 3x2.5mm2

Baudoin Aqua Force Pure Water Filter Unit 500/900

### Baudoin Aqua Heating Unit **ECOLINE**

- BAHECO25 Baudoin Aqua Heating Unit **ECOLINE**
- 230V, **ECOLINE** 25 Kw / 24V
- low fuel consumption
- blue-flame technology / efficient burner for hot water up to 45° C (safe to work with)
- clean up to 30% faster than regular temperature
- 100% soot-free emissions and low maintenance
- 94% efficiency, with low electricity consumption
- inclusive assembling and stainless steel exhaust
- converter 24V 230V, with touch screen control

### Options CCP880R0500 **ECOLINE**

<b>CCPSKITF</b>	CCP stainless steel frame fork lifted skit for 880 liter system
<b>CCPHP9/120</b>	Industrial High-Pressure Pump stainless steel, adjustable from 30-120 bar 9 l/min. 2500W, 230V
<b>CCPUP900</b>	Baudoin Aqua Force Pure water unit upgrade 500 to 900 liter unit (for High pressure)
<b>CCPGEN8KW</b>	CCP Generator skit, 3 cylinder fuel-efficient diesel engine silent 67dB(A) 8 Kw 230V, 361 kg.
<b>UPCCPE21025</b>	Baudoin power cable hose reel upgrade from 17 to 25 meter Heavy duty 230V / 16A / 3800W / 3x2.5mm2
<b>1260700</b>	Baudoin Aqua Force automatic water softener (for hard water conditions)
<b>CCPFWS</b>	Baudoin frame for water softener (in combination with for fork lifted unit (CCPSKITF))
<b>22605529</b>	Baudoin Front Filter combi Carbon and 5 micron 20", incl. stainless steel connectors
<b>DI18LH</b>	Baudoin Aqua Force DI Ultra Filter 18L, 89 cm, Ø18 cm for extra pure water, incl. connections
<b>CCPHR1340</b>	Hose reel stainless steel (disk 30 cm.) for tap water supply with ½" 40 meter flex blue hose
<b>CCPMR120</b>	Baudoin CCP, mounting rail stainless steel, w 120 cm. with rubber protection
<b>2060731</b>	Fuel tank for Aqua Heating Unit, 50 liter stainless steel, fitted with stainless steel filling point

## BAUDOIN OUTDOOR WINDOW, SOLAR AND INDUSTRIAL CLEANING

### Carbo Clean Poles

Baudoin Wash-Systems b.v. developed its own ergonomic light and strong washing pole in 2003. The big advantage of the Carbo Clean Pole, compared to other poles, is the weight, shape, stiffness, material and easy connect system, which makes you able to stretch out the pole simply and quick.

The assortment consists of a 150 cm. and 170 cm. long pole. The 150 cm. pole which is called Carbo Clean Pole Trend Line 35 can be build up till 9 meter pole length. The 170 cm. pole which is called Carbo Clean Pole Trend Line 45 can be build up till 18,5 meter pole length. No doubt about it that this pole is the best available on the market! We offer for our poles a wide range of standard brushes, with or without sill brush. Due to the fact we have our own workshop, we can also supply custom-made brushes (on request).

#### CCP35TL6/CCP35TL9

##### Carbo Clean Pole Trend line 35, set 6 or 9 meter incl. work hose

- 6 meter 3 poles length 150 cm / 9 meter 5 poles length 150 cm
- 1 pole length 120 cm. incl. rubber protection shell
- 1 complete wash brush width 28 cm with sill brush
- 10 meter blue hose, 6 x 10 mm with DN6 Pro nipple and coupling

**Loose brushes:** If a set is desired with a semicircular brush instead of the regular brush you need to use same item number with an R at the end.

**CCPL28WS**  
Carbo Clean Pole  
wash brush width  
28 cm with sill brush

**CCPL28W**  
Carbo Clean Pole  
wash brush width  
28 cm

**CCPL28WR**  
Carbo Clean Pole  
semicircular brush width  
28 cm white

**CCPL20W**  
Carbo Clean Pole wash  
brush width 20 cm

**CCPL25SP**  
Carbo Clean Pole  
loose sponge width  
25 cm

#### 13803015

- rotating wash brush, ca. 40 cm wide on Trend Line 45, 28 cm carbon pole (connector).
- Trend Line 45 carbon pole 1,2 meter with PE protection shell, complete with high pressure spray gun for a safe and ergonomic operation.
- thin 1,5 meter DN5 hose with M22 high pressure connection
- ideal for use with Baudoin Pure Water.

Standard with M22 connectors

- Water pressure: Min.100 bar / Max.160 bar
- Water quantity: Min.7 L/min / Max.10 L/min

With high pressure gun

**13803013**  
splash guard

**CCP45TL170**  
extension pole Trend Line 45 - 1,7 meter (max. 5 poles for a total length of 10 meter)

**13803016**  
Thin 10 meter DN5 hose with  
M22 High Pressure connection 200 bar

option: **CCPHP9/120**  
Industrial high pressure pump

## BAUDOIN OUTDOOR GLASS WASHING

### Complete brushes for Carbo Clean Pole Trend Line 35 and Trend Line 45:

all brushes are mounted on a 28 cm carbon piece with a DN 6 Pro nipple

#### CCP45TL83

**Carbo Clean Pole Trend line 45, set 8,3 meter incl. work hose**

- 4 poles length 170 cm
- 1 pole length 120 cm incl. rubber protection shell
- 1 complete wash brush width 28 cm with sill brush
- 10 meter blue hose, 6 x 10 mm with DN6 Pro nipple and coupling

#### CCP45TL134

**Carbo Clean Pole Trend line 45, set 13,4 meter incl. work hose**

- 7 poles length 170 cm
- 1 pole length 120 cm incl. rubber protection shell
- 1 complete wash brush width 28 cm with sill brush
- 15 meter blue hose, 6 x 10 mm with DN6 Pro nipple and coupling

#### CCP45TL185

**Carbo Clean Pole Trend line 45, set 18,5 meter incl. work hose**

- 10 poles length 170 cm
- 1 pole length 120 cm incl. rubber protection shell
- 1 complete wash brush width 28 cm with sill brush
- 20 meter blue hose, 6 x 10 mm with DN6 Pro nipple and coupling

#### GKST9P

**Trolley 9 positions** for Carbo Clean Poles

#### GKST11P

**Trolley 11 positions** for Carbo Clean Poles

#### Trend 35: CCP28WS35 Trend 45: CCP28WS45

Complete wash brush width 28 cm with sill brush

#### Trend 35: CCP25D35 Trend 45: CCP25D45

Complete brush for doodlebug holder with water connection for pads 25 x 12 cm

#### Trend 35: CCP28W35R Trend 45: CCP28W45R

Complete semicircular brush white 28 cm

#### Trend 35: CCP28VDW35 Trend 45: CCP28VDW45

Complete vertical cladding brush with SS sprayer

#### Trend 35: OCTL25SP35 Trend 45: OCTL25SP45

Complete wash brush width 28 cm without sill brush

#### Trend 35: OCTL25SP35 Trend 45: OCTL25SP45

Sponge brush 25 cm

## BAUDOIN INDOOR GLASS WASHING

### Indoor Clean Pole

We were the first to launch an indoor glass washing solution into the market in 2005. Nowadays, this systems has concurred the worldwide market and has won various innovation awards. Our Indoor Clean Pole, which can be build- up to 10 meter, offers the perfect solution for cleaning difficult and hard to reach areas, but also for regular indoor glass. Throughout the years, we have developed some extra accessories, which resulted into a system even more diverse. Examples of applications can be: glass, natural stone floors, stainless steel, mirrors, aluminum ceilings and any other smooth surface.

### ICP35K150

#### Indoor Clean Pole Trend Line 150 cm. extendable till 10 meter:

- leather belt
- battery with led indicator
- charger
- pump 12V in box
- bottle for pure water 500 ml
- 10 glass pads
- extra bag for pads

### ICP35V1150

Indoor Clean Pole Trend Line extendable pole 150 cm with integrated hose and couplings (extendable till max. 5 parts).

### ICPGM26

Indoor Clean Pole easy blue microfiber glass pad 26 cm.

### ICPMP26

Indoor Clean Pole easy blue microfiber heavy duty pad 26 cm.

### ICPVT170

Indoor Clean Pole carry bag
