## The philosophy of MASTER-BOX

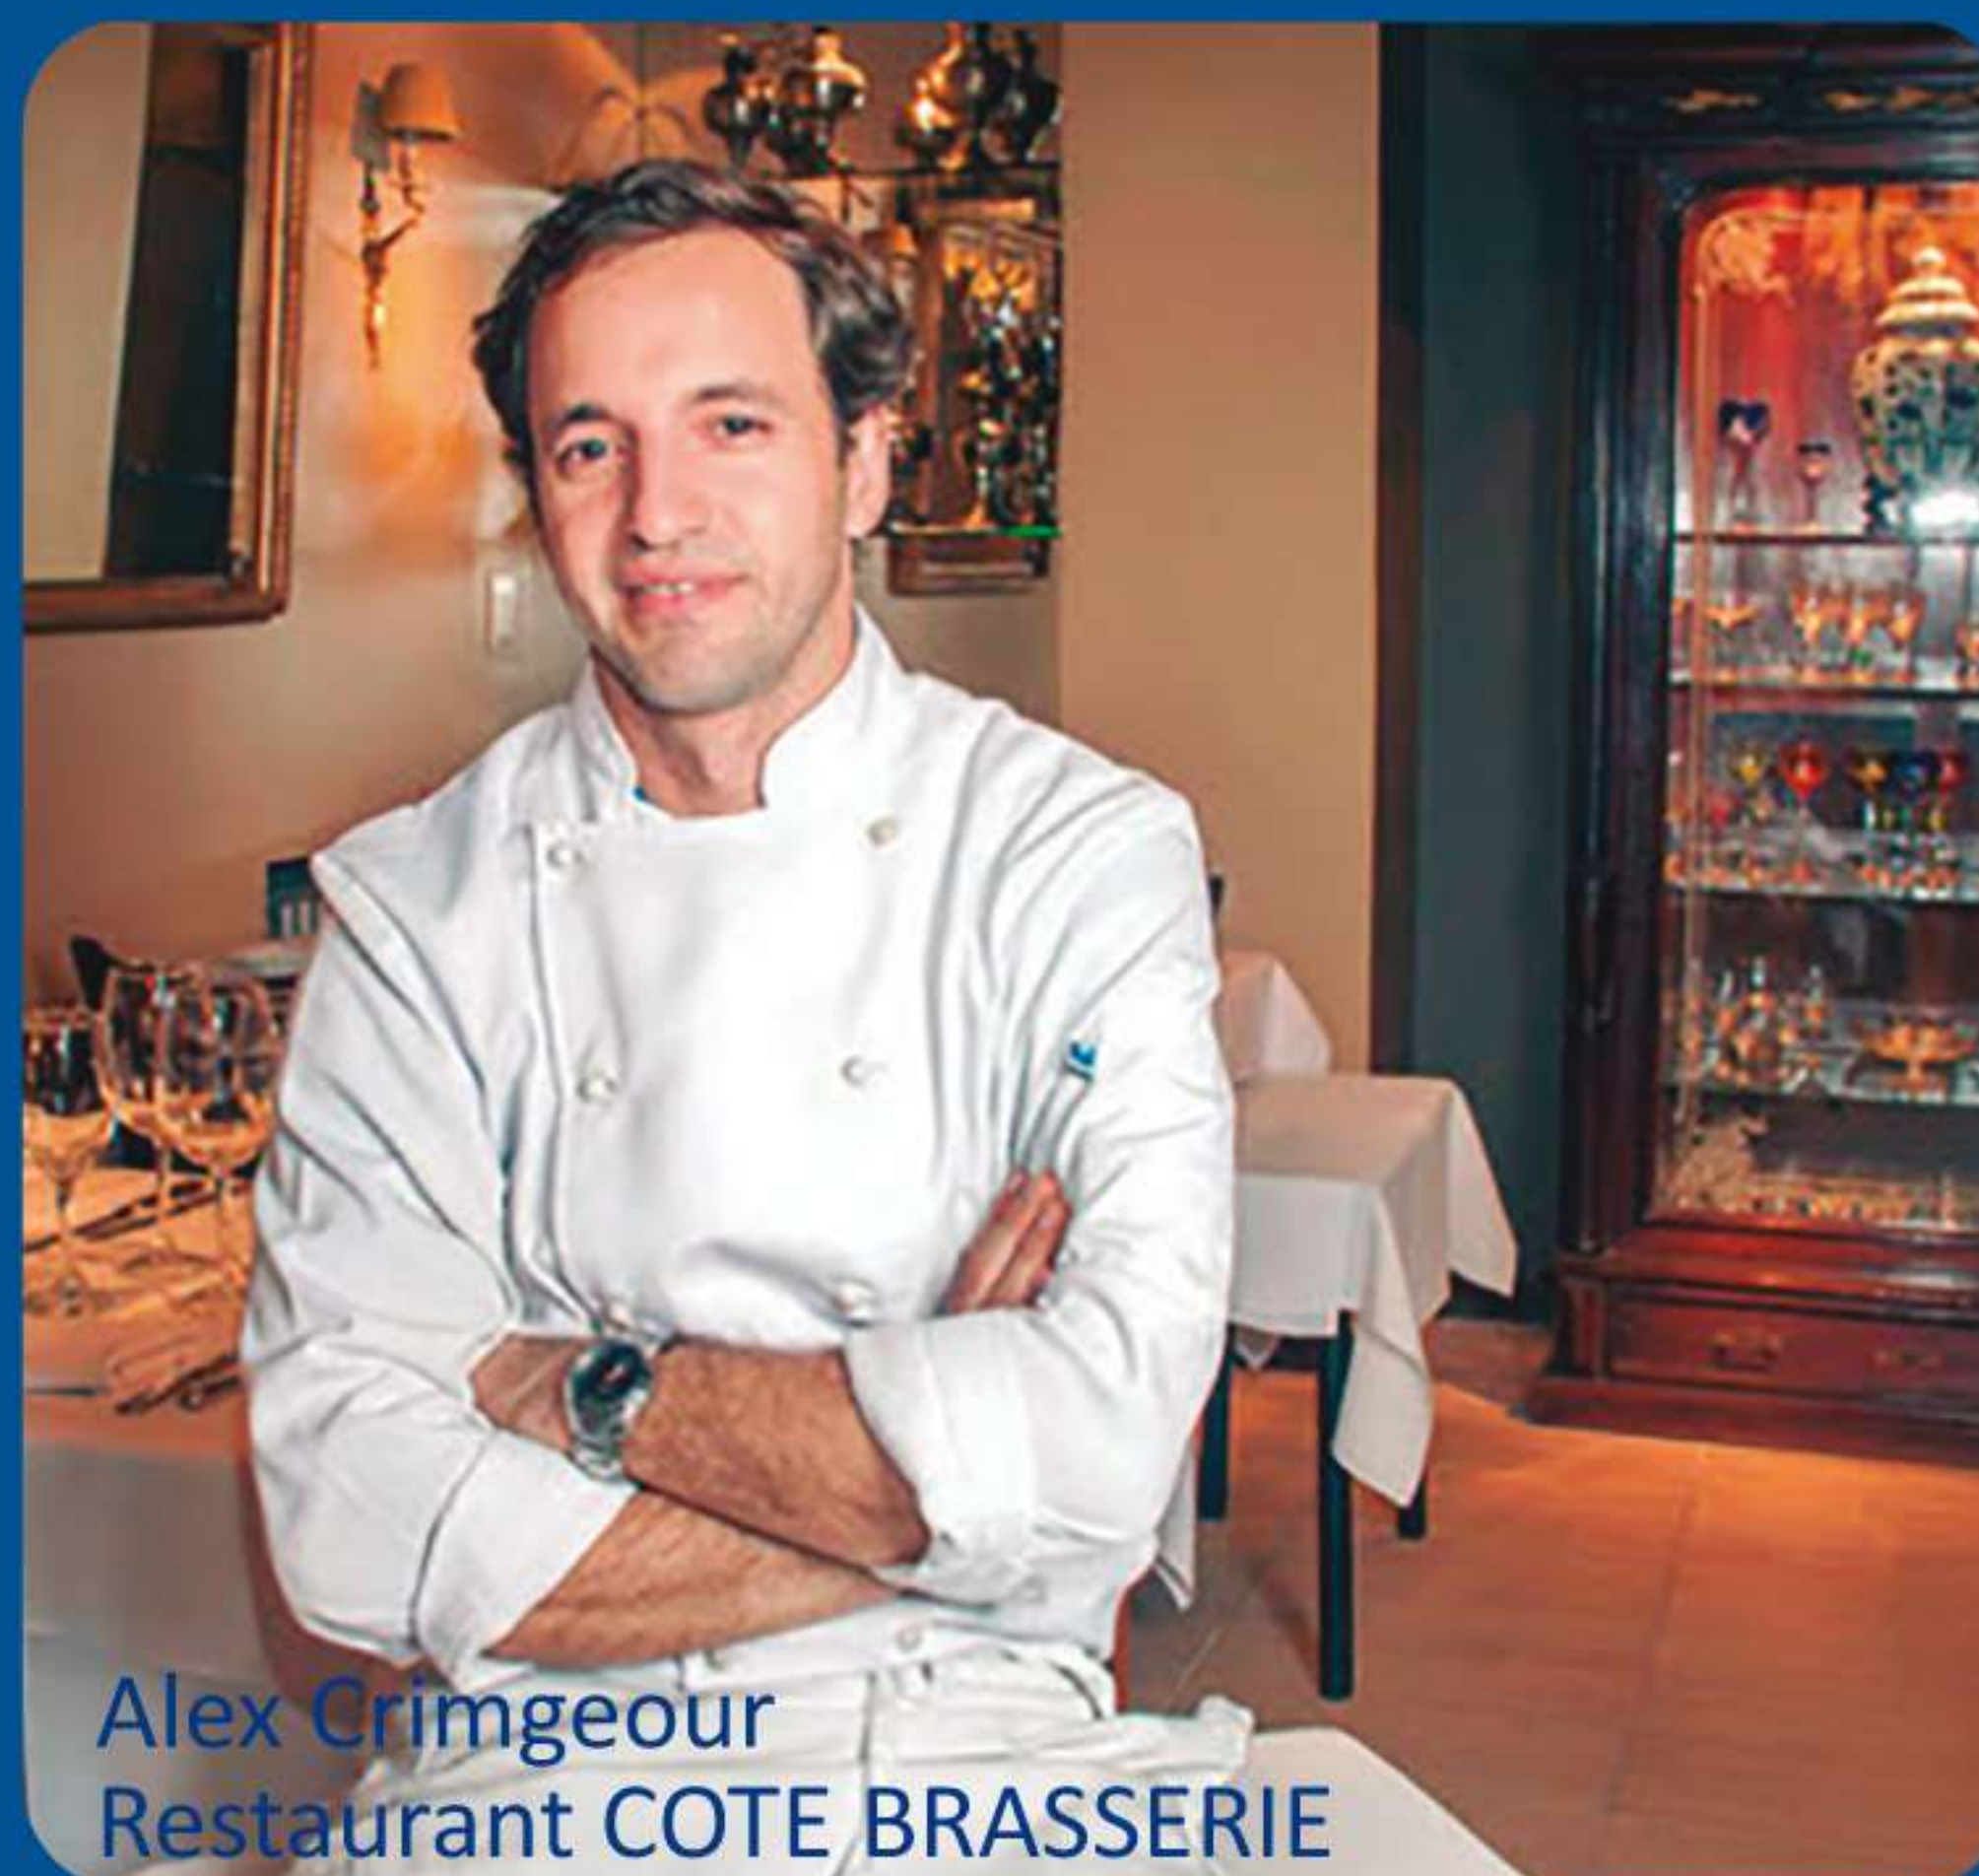

5L MASTERBOX

25Kg standard

## ADVANTAGES ► FACTS ▼

Alex Gringeour  
Restaurant COTE BRASSERIE

“Our customers are the harshest judges. In our restaurant, hygiene is always a priority. The **MASTER-BOX** range really helps us and we have already reduced our costs and the potential disadvantages.”

Ana Rengel  
Hotel Las Artes

“Although we have not been using them for a long time, we have already seen that **MASTER-BOX** washing products are very effective and that we do not need to rewash again”.

“Ultra-Concentrated Bag-In-Box  
Products for Professional Cleaning  
and Hygiene”

1

Space

Its high and well tested concentration x4 allows you to install the system almost everywhere and without using large space in your warehouse

-75% space

2

Weight

With a 5 L MASTERBOX, you will have a cleaning capacity equivalent to 25 kg of your current best product.

-80% weight

3

Waste

The new Bag-In-Box system provides a drastic waste reduction, without accumulating empty spray bottles, plastic drums or containers. One more problem solved.

-90% waste

4

Money

Less plastic, less transportation, less handling, and less energy mean significant savings in production costs, representing a win win situation.

Up to -30%
