

**POL
Vita**

Probiotics
that protect

Probiotic cleaning that protects

*"Cleaning in the 21st century should not be limited to making environments less dirty.
It should also protect them."*

While ensuring continuous cleaning
and eliminating bad smells

*Our *Bacillus* is certified by the European food safety authority (EFSA)

Pollet promotes
your well-being
in any environment

Discover the full power
of protecting probiotics

Protect while cleaning!

Scientifically proven efficacy...

Genetic identity established by Ghent University

MateriaNova
MATERIALS R&D CENTRE

Laboratory efficacy tests by Materia Nova

Efficacy test on surfaces by independent labs

Patented technology

... and 100% safe use guaranteed...

Eco-friendly products

Risk-free products

Ecologo certification

... without changing your working methods!

No need to change your disinfection cycles or daily and periodic cleaning habits.

Simply replace your usual cleaning products with PolVita® cleaners.

1L = 50 sprays
ou 50 buckets

1 dose = 1 billion
bacteria

No effort,
no change

5% of PolVita® sales go to a charity that puts a smile on the faces of children in hospitals (up to 10 000 euros per year)
