

THAT STICKS OUT

E50x35 Excenter

With the weight of 66 kg (incl. additional weight) as well as 2720 1/min you have the perfect cleaning result for almost all floors (concrete - and natural stone, PVC, tile, safety floors as well as parquet). You can not only (deep) clean, sanding but also peel coatings.

Clean. Cleaner. Cleanfix.

E50x35 Excenter

The square design makes them perfectly fit into any corner. Our patented handle adjustment as well as the large transport wheels for easy transportation are great advantages. Also useful are the two detents (750.586 kit detent pins) on the body that allow you to either lift the wheels off the ground to leave no running marks or turn the handle completely upside down to get maximum weight on the ground. By adding additional weights in pieces, you can perfectly adapt the machine weight to your application. Simply set up the brush head of the E44 Excenter and you can easily change the pads or store the machine.

E50x35 Excenter
Scope of delivery

Fully adjustable telescopic handle, optional with solution tank

lift the wheels off the ground to leave no running marks

Turn the handle completely upside down to get maximum weight on the ground

E50x35 Excenter

750.000 without weights and solution tank
