iClean® PRO The ALL-IN-ONE Solution

SDS Rating = 0-0-0

RELIABLE. POWERFUL. EFFECTIVE.

The **tersano iClean® PRO** turns tap water into the same solution produced by the lotus® PRO: **Stabilized Aqueous Ozone (SAO®)**, a highly effective all-in-one solution. Stronger than bleach, yet free of toxins and residues, SAO is tough on dirt and contaminants, yet safe for people and planet.

When using the iClean PRO and cartridges, cold tap water is passed through diamond coated electrodes to create SAO instantly and on-demand.

✓ **350ml reservoir makes iClean PRO ideal for cleaning large spaces.**

✓ **Powerful 2.5 ppm SAO concentration is stronger than bleach, but is safe for staff, guests, and the planet.**
