Finishes

The washroom plays an important role in portraying the image of an establishment. The Ellipse products are available in a range of premium finishes which means that the washroom can be kitted out with an attractive set of matching units. The exclusive spray painted designer metallic grey is suitable for stylish washrooms, whereas the chrome plated finish is the perfect choice for luxury washroom environments.

Kennedy Around the World

Our history started back in 1961 when the launch of our first roller towel cabinet shaped industry standard.

Our company focus is to serve the service specialist.

Our customers worldwide prize our products for reliability, quality, cost control, ease of service and hygiene.

Bespoke Design and Original Equipment Manufacturing

Our highly skilled in-house team of engineers and designers are here to serve your bespoke dispenser design needs. Our core in-house know how includes industrial design, mechanical

and electronics engineering, tool design and development, quick prototyping, consumable expertise and project management. Our OEM product clients include some

of the world's leading consumable manufacturers and washroom hygiene service providers. Ask us for more details.
