

## ENZYMATIC MULTI-PURPOSE CLEANER

DD 456

Product that combines enzymatic biological properties that degrade organic matter along with degreasing properties. Allows for effective cleaning and degreasing of all types of surfaces quickly, easily, and efficiently. With European Eco-label. SUITABLE FOR THE FOOD INDUSTRY, A1-NSF registry.

### APPLICATIONS

- Daily cleaning at industrial facilities and public areas of surfaces such as crystal, glass, plastic, stainless steel, marble, and ceramic.
- Cleaning of utensils and surfaces with organic filth, especially that which is fatty in the food industry, suitable for cleaning and disinfecting programs under HACCP systems.
- General multi-purpose cleaner that meets sustainability requirements focused on Green Public Procurement.
- Suitable as an enzymatic cleaner for the healthcare industry (hospitals, clinics, ambulances...).
- Cleaning of gas pumps and metal surfaces soiled with hydrocarbons.

### HOW TO USE

Surfaces and countertops: apply directly and allow it to work for a few seconds. Then remove with a clean, damp cloth and dry with a dry cloth. On glass and crystal, spread around and wipe with a dry cloth. For food industry utensils and surfaces, apply the product, let it sit for a few minutes to work, and then rinse it off. Do not use on painted or varnished enamel surfaces or on sensitive plastics without first testing it.

### DOSAGE

Ready to use.

## With enzymes

### BENEFITS

- ✓ **Economical product:** high performance multi-purpose cleaner that is fast acting, saves product and time
- ✓ **Proven effectiveness:** European Eco-label product, quality assurance and environmental improvement
- ✓ **Biological action:** excellent cleaner due to its enzymes that increase its effectiveness as a detergent
- ✓ **HACCP programs:** its use prior to disinfecting improves the disinfectant's effectiveness. (NSF A1 Registry for the food industry)
- ✓ **Safe to use:** not classified as hazardous
- ✓ **Environmental improvement:** eco-design product, due to its biological action, it preliminarily breaks down organic matter
- ✓ **Other benefits:** specially formulated for faster cleaning and a higher quality finish on all types of surfaces
