

Solutions
To make
your life easier

FREGOLA is an AUTOMATIC WRINGER for cleaning floors. It is small, simple to use and manageable, it applies on the mop a pressure equivalent to up to 60kg.

ADVANTAGES

FOR CLEANING

-The floor dries much quicker because the mop is wrung out more effectively than if the user were to do it manually using a traditional mop.

-Ideal for delicate surfaces such as wooden floors.

-WIRELESS, Fregola is fitted with an interior battery that can be charged in 3-4 hours just like a mobile phone.

FOR THE USERS:

- It eliminates the effort involved in wringing out the mop, a repetitive exercise which is carried out on a daily basis, and in the long term can lead to irreversible wrist, arm and back injuries.

-For individuals with muscle or bone problems, this is an essential tool in their daily cleaning.

-Cost-effective : A high performance work machine for professional cleaning, and a domestic appliance that helps you take care of your health and improve your wellbeing at home.

MOST FREQUENT INJURIES

Technical specifications	Code hpt00007
Can wring out	Mops
Engine	One 24 volt unit, (10.000 rpm)
Battery	12 volts and 1.3 ah - without battery effect
Battery charger	Intelligent - from 100 to 240v 12 v 400 mAh
Autonomy	700 wringing operations per charge
Charging time	4-5 hours
Weight of wringer	2.5kg
Measurements (including bucket)	38 x 27 x 47 cm
Materials used for the main parts	Steel and fiberglass
Elements included	Wringer - battery charger - bucket with wheels - handle adaptor - mop
