

## SHINE CLEANER

DD 414

Multi-cleaner and brightener with a high degreasing power and rapid evaporation.

### APPLICATIONS

- Cleans and brightens all types of surfaces such as: windows, mirrors, plastics, metal, painted and varnished surfaces, etc.
- Maintenance at schools, public agencies, cleaning companies, hotels, car washes, car and motorhome rentals, etc.
- Excellent results on varnished wood, furniture restoration, wooden doors, etc.
- Its silicone agents confer non-stick properties, allowing for plastic injection molding, rubber injection molding, etc.
- The product is also suitable as a lubricant - coolant in machining - cutting of plastics.

### HOW TO USE

**Cleaner and brightener:** Spray onto the surface and wipe with a dry cloth (use a cloth with no fibre release), spreading the product out and removing dirt and favouring drying in one pass. Shake before use.

**Window cleaner:** Dilute the product in clean water. Apply with a rag, sponge or cloth on the glass. Then, wipe with a dry cloth or window scraper.

**Do not apply** on surfaces to be painted later on.

### DOSAGE

**Cleaner and brightener:** Ready to use. No need of dilution.

**Window cleaner:** Dilute in clean water to 10%.

*Effective on all  
surfaces*

## BENEFITS

- ✓ **High performance multi-cleaner** that acts quickly, saving product and time
- ✓ **Effectiveness:** clean and shine in a single pass, removes dirt, dust, and fingerprints restoring the shine to the treated surfaces
- ✓ **Safe to use:** not classified as hazardous
- ✓ **Environmental improvement:** biodegradable product
- ✓ **Other benefits:** scented product that leaves a protective film that repels dust and moisture

**CLEANING COMPANIES. APARTMENT  
BUILDINGS. HOTELS. NURSING HOMES.**
