

A Press Release from Vileda Professional

VILEDA PROFESSIONAL – INNOVATION TO ACHIEVE NEXT LEVEL EFFICIENCY

Interclean 2018 will see Vileda Professional, the leading provider of cleaning solutions for cleaning professionals, showcase its theme “Innovating for next level efficiency” with the launch of ground breaking cleaning technology in cleaning systems.

Origo 2 series

The new Origo 2 series is the most innovative cleaning trolley ever built by Vileda Professional. The new generation system provides the user with higher efficiency, improved hygiene, greater safety as well as full integration of tablets and digitally aided cleaning devices. Developed to meet the ever-changing challenges of professional cleaning, from large office buildings, strict hygiene standards in hospitals or security at airports. The Origo 2 by Vileda Professional has an array of innovative features: push button opening lids, unique in lid tablet storage solution and separable satellite trolleys. Cleaning companies can configure the Origo 2 according to their individual needs. There is even the option to choose a bucket and box range made from recycled plastic to help take responsibility for our environment.

iQonnect App-solution

The new iQonnect App-solution enables contract cleaners to reduce managerial costs significantly by digitalising core operational processes. The Apps functions include time and attendance registration; real-time monitoring and reporting of working hours; digitalised Human Resources information; working plans and schedules; quality and complaint management. Now enhanced by new, innovative functionalities for easy Origo 2 or trolley fleet management.

A Press Release from Vileda Professional

MicronSolo

A range of new disposable wipes that provide superior cleaning performance and eliminate bacteria. The wipes prevent the risk of cross contamination in a simple and effective way. Next to the conventional format, MicronSolo comes on a roll for easy use in the Vileda Professional dispenser system - fitting on the new Origo 2 series.

The stand includes also a dedicated Controlled Environment area and central demonstration areas to experience Vileda Professional.
