

Post-fire cleaning

Efficient post-fire cleaning

Firecleaner: anti-odor cleaner specially designed for the restoration of floors & surfaces after fire

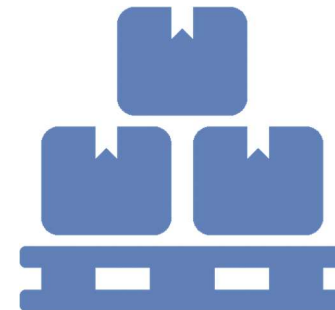

- powerful **universal** concentrated **cleaner**
- very effective cleaning and degreasing
- Instantly neutralizes **stubborn smells** of burnt (soot, tobacco, nicotine) and leaves a powerful fresh scent
- **penetrates** deeply the **surfaces impregnated** by the smell
- very fast action (**saving time** because no minimum contact time)
- **for any washable surface**
- liquefies thick and greasy soot for easy removal
- **multi-use** product for stubborn stains, also cleans the residues of acrylic paints and ink

Efficient post-fire cleaning

- product **non-harmful, non-toxic, non-carcinogenic**, no toxic fumes for the user
- **non-flammable**
- **without a bad smell** of solvent or ammonia
- **safe** for materials (concrete, metal, synthetic carpets, protected wood, plastic, fiberglass) during specific applications
- **biodegradable** ingredients
- can be used with cloth, mop, spray gun, high pressure...
- **large stock available** with short delivery times
