

**Thanks to the Caps,
no more useless
water transportation**

The CapoS concept

With Caps, no more water transportation!

The Caps won two innovation prizes in 2017, one at the Europropre Salon in Paris & one at the Bunzl Expo in Belgium!

1. Environmentally-friendly

- 3 products **with ecolabel**
- **18 times less volume** to transport
- **7 times less plastic** used
- **Zero waste on site** with the 'return & recycle' concept

2. Better user protection

- **No contact** with the undiluted product
- Mainly products **without any specific user risk**

2. Augmented efficiency

- **Color coding** visible even after dilution
- **Correct dosing** guaranteed
- **Unique pricing**

Zero waste on site, 100% recyclable

1. Monitor the product consumption
2. Collect the empty Caps
3. Send them back free of charge
4. **Recycle all used Caps**
5. **Zero waste left at your client's site!**

**Only for cartons containing 32x4 Caps*
