

Ecological tertiary cleaning

Responsible cleaning

Human and environmental wellbeing are at the center of Pollet's product design.

In short, your users are at the heart of our attention.

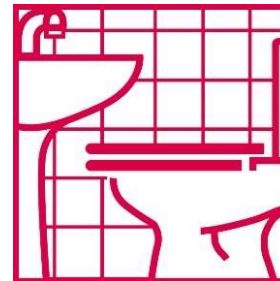

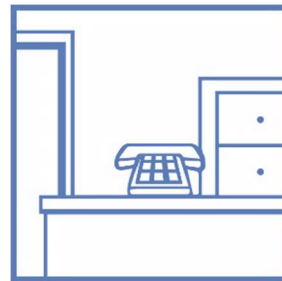

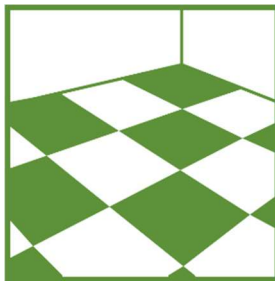

A complete **Ecolabel** range for any tertiary application

FACT

90% of regular cleaning
is done using only 4 products :

- a floor cleaner
- a multi-purpose cleaner
- a sanitary cleaner
- a WC gel

A complete **Ecolabel** range for any tertiary application

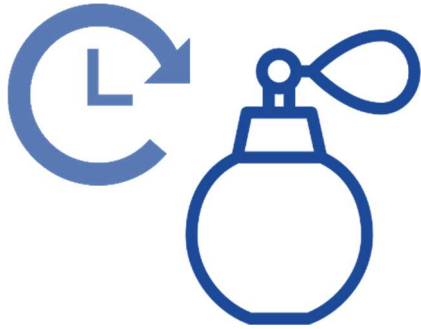

For you, we have designed a **complete Ecolabel range**
& without any user risk for the most common tertiary cleaning activities

Floor, surface, sanitary cleaner & WC gel

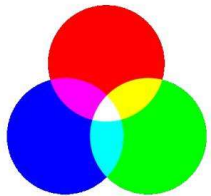

Odor Line: 100% Ecolabel-certified & risk-free range

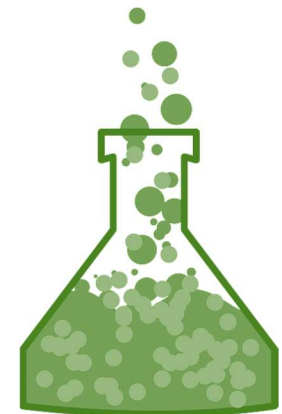

The longest lasting fragrance of any ecological solution

Simple dosing : 1 dose for 1 spray,
3 doses for 1 bucket (10 liters)

Color coding, visible even after dilution

Under the occupational exposure limits

Convenient one-liter dosing bottle at your service
