

MOVE

HYGIA
CONNECT

THE SMART
CLEANING SOLUTION
THAT **OPTIMIZES THE
SATISFACTION** OF
YOUR CUSTOMERS AND
YOUR TEAMS

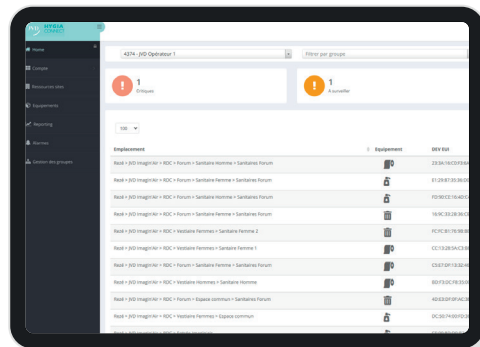

BRINGING TOGETHER ALL SERVICE STAKEHOLDERS IN A 360° DIGITAL SOLUTION

MADE IN FRANCE

HygiaConnect is the leading Smart Cleaning solution in the world. Optimise, track and manage customer and team satisfaction.

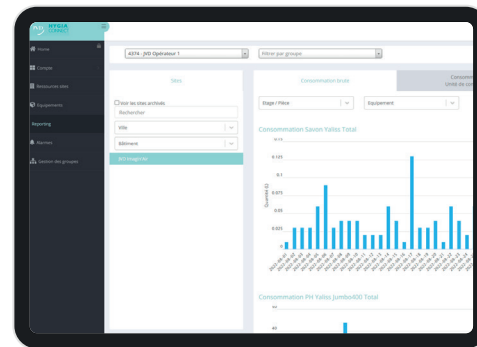

1 CUT OUT UNNECESSARY TASKS

With a real-time monitoring and alert system, you can monitor and act on:

- **Consumable levels** of soap or paper dispensers
- **Fullness levels** of bins
- **The general state of indoor air quality**

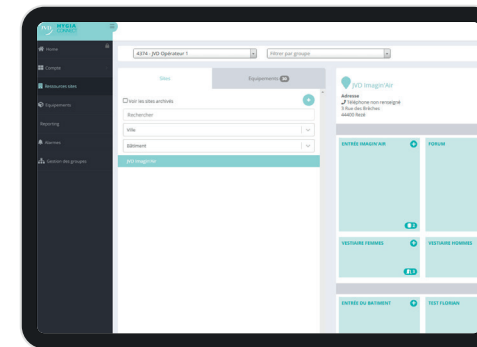

2 REGAIN CONTROL OVER YOUR CONSUMABLES

By observing over time, you can optimise your stock and order management:

- **Monitor actual consumption on site per consumable type**
- **Reduction of logistics costs**

3 MAKE YOUR SERVICE SPARKLE AND YOUR EXPERTISE CRYSTAL CLEAR

Operational reports allow you to demonstrate better quality of service:

- **An overview of all your sites**
- **A tool for discussion with real-time information**
- **Proof of work carried out**

HYGIACONNECT, JVD EXCELLENCE COMBINED WITH MOVEWORK FLOW PERFORMANCE

HygiaConnect is now fully integrated into MoveWORK Flow, the all-in-one platform for Facility Management.

HygiaConnect and MoveWORK Flow are 2 fully compatible and plug & play solutions. Enjoy the power of a complete solution!

- **Remotely monitor** smart hygiene equipment
- **Send alerts** to act before outages
- **Consumable management**
- **Personalisable** operational reports

Orchestrates all decision making flows that represent the heart of your service in an **all in one solution**.

INTERVENTIONS

Management of working time, clocking of interventions, planning of activities and tasks to be carried out, traceability of interventions with photos, forms and workflows.

QUALITY

Creation of quality control forms and grids, real-time collection and analysis with pdf email copy, identification and processing of non-conformities that can be synchronized with workflows. Satisfaction survey.

DASHBOARDS

Creation of automated dashboards with aggregation of all data. Customizable collaborative and multimedia spaces with chats, file sharing, images, videos and interactive service kiosks with workflows.

WORKFLOWS

Edition of decision-making workflows with form, unlimited number of steps with individual, team or automatic validation, management of completion time and commitment SLAs.

THE MOST **COMPREHENSIVE RANGE** DEDICATED TO SMART CLEANING)))

Hygiene of people, hygiene of places, hygiene of air.
Expert in smart cleaning, JVD conceives, invents,
design, test, develop and manufacture hygiene
products for almost 40 years.
