► About Us;

With its industrial history starting in 1980s, "Rulopak" produced the first Hygienic Toilet Seat of Turkey in 2003 with 100% Turkish Capital and entered the industrial hygiene industry boldly and accelerated the industry with its developing corporate structure and growing production capacity.

Today, Rulopak has 3 production facilities equipped with state-of-the-art machines and devices in Istanbul with total 36.000 m2 indoors area and continues to be a dynamic, strong and entrepreneur company with its on-going investment projects.

Rulopak presents value added services to our country with scientific researches thanks to its unique structure having R&D and P&D departments along with technology engineers and continues to strive to be a world brand by exporting its products over 84 countries.

Rulopak brought many innovations from the fields of mass use to personal hygiene products with high quality products and is the first and only company focusing on hygiene products of Turkey.

Rulopak will continue to be "always one step ahead in hygiene" with its flexible and fast services, deliveries at short notice, wide distribution web and approved quality.

SCENTING SOLUTIONS

Nanoplus

Professional Wide Area Scent Diffuser

201700

Rulopak scenting systems vaporize the scent with a special technology and enable that the scent oil diffusing in the whole area equally with horizontally moving Nano-particles, thus achieving that the scent lasts longer in the air.

1500m² Scenting Capacity with Strong Effect
Thanks to its strong diffusion, The high quality fragrance creates perfect scenting effect in all environments.

Different LED light options that can be adjusted according to the ambience

Nano Diffusion Technology
It creates nano-odor particles smaller than 0.01 microns that spread homogeneously and stay in the air

Programming Days of Week
You can set your fragrance device to operate on certain days of the week or turn it off completely at selective hours. With its advanced technology, performs exactly on the right day, at the right time.

Easy setting interface
Thanks to its simplified interface, the desired setting can be easily programmed.

PROFESSIONAL

Kitchen Cleaning
Car Cleaning

KC ENERGY R

Rinse-Aid for Commercial Dishwashers

5L - 20L

KC Energy R is a standard neutral rinse additive. It has been specially formulated for use in a wide range of ware washing machines. The product contains a special blend of non-ionic surfactants for rapid and spot and streak free drying on all cleaned surfaces in soft and medium hard water conditions.

KC ENERGY D

Detergent For Commercial Dishwashers

5L - 20L

KC ENERGY D is a heavy duty alkaline liquid detergent which is suitable for use in a wide range of single and multi-tank ware washing machines. It contains a blend of caustic alkali and scale control agents, which will provide excellent soil removal. The high level of powerful scale control agents will also prevent scaling in hard water conditions.

CC ILLUCESCO F52

Car Wash & Wax Shampoo

5L - 30L

CC ILLUCESCO F52 Creates a dense snow foam. Its concentrated formula effortlessly lifts dirt and contaminants from surface.

RULOPAK®

RULO MED®

Hygiene Tube

800020

- Rulopak Rulomed Hygiene Tube provides maximum hygiene on frequently contacted surfaces thanks to its alcohol-based formula.
- It is suitable for use on surfaces that are most touched in all areas such as door handles, light switches, tables, chairs, bathroom and kitchen surfaces, and remote control.
- In addition, it can be used on surfaces where hygiene is suspected, such as cargo boxes, garbage boxes, key chains, toilets, shopping trolleys, and all kinds of holders, as they are very open to external influences.
- It does not leave a sticky feeling after use.
- Rulopak Rulomed Hygiene Tube does not require scrubbing after use with its formula containing 80 DEGREE alcohol.
- It helps you carry hygiene and cleanliness wherever you go.

Provides **Hygiene** on
All Surface, No Need Rinse
After Usage...
