STORNELLO®

The Multi-Surface Precision Sander

KÜNZLE & TAŞIN

Discovering Stornello® ...

Stornello® Marble/Stone/Concrete

P/N 7699950016

Stornello® is the unique sander really able to guarantee a fast and effective restoring and polishing action on stone and concrete surfaces.

Stornello® Granite

P/N 7699950026

Stornello® can work successfully on granite, which after the treatment will recover its original colour and gloss.

Stornello® Wood

P/N 7699950033

Sanding worn/damaged doors or flat wood surfaces, removing old lacquers or paints ... nothing easier than with Stornello®. Fast and smooth action, high performance.

Stornello® Metal

P/N 7699950032

Stornello® is well performing on metal. The three wheels moving system assures a flat and homogeneous sanding, with no risk at all of damaging the surface. Ideal for satin finishing too.

... for every specific need

Why Stornello®?

Flexibility, expressed in comfort and performance, is a more and more pressing market need. The right solution is well represented today by Stornello®, the unique precision sander really able to work smoothly and effectively on all surfaces. Compact, easy, and performing, Stornello® – with the right equipment – perfectly fits every environment and guarantees the right treatment on every surface (flat or slightly curved). With great results.

COMFORT, SPEED, EFFECTIVENESS

Lightweight and compact

Stornello® weighs only 4 Kg and can be easily brought and carried everywhere.

The 3 wheels working sander

The 3 wheels system (patented) is one of the main distinctive elements on Stornello®, making it unique and essential.

Thanks to the Omnicaster spherical wheels, the operator can work **smoothly, swiftly and without effort**, even for long-lasting working sessions.

3 wheels, 3 leaning points, guaranteeing a constant and stable pressure and preventing any risk of damaging the surface while working.

With the knob on the back of the machine the operator can fix the right working angle of the disc, for the surface to be treated/restored.

Different environments, always top results.

Working at the right speed

Stornello®'s motor, powerful and reliable, is perfectly suitable even for long and intense jobs. The 7 speeds assure the right flexibility while working.

4 CONFIGURATIONS, OPTIMIZED PERFORMANCE

4 Stornello®'s configurations, 4 different complete systems, to meet any specific professional need.

Joiner's and carpenter's workshops, metalware and DIY stores, marble/stone workers/dealers,
... for each professional the right Stornello®!

Sanding on 3 wheels ... everywhere

Sanding on 3 wheels means working in a fast, agile and comfortable way. That's why Stornello® is well known as one of the most innovative precision sanders, perfectly combining flexibility and performance.

Thanks to its flexible structure, Stornello® can “host” a wide range of different accessories. So we have created 4 different configurations, 4 well defined systems able to emphasize and enhance the strength and features of the machine in various situations. Marble, granite, metal, wood ... Stornello® can work everywhere. With amazing results.

MARBLE STONE CONCRETE

P/N 7699950016

STORNELLO®

- + High Grip backing, disc (black)
- + diamond pad grit 800
- + nw dust bag
- + safety kit
- + tool bag

Stornello® Stone system is the ideal solution for restoring and polishing damaged stones or concrete areas. Worn slabs, edges, home furnitures needing restoration, ..., Stornello® can work successfully where other machines cannot.

WOOD

P/N 7699950033

STORNELLO®

- + backing disc (red)
- + 2 Siatop disc grit 60
- + 2 Siatop disc grit 120
- + nw dust bag
- + safety kit
- + tool bag

Stornello® guarantees a fast and simple sanding, restoring the original flatness and homogeneity. Uneven surfaces smoothing, finishing or sanding of any wooden surface, old paints removal ... everything can be done quickly and safely, without any risk of damaging the surface.

GRANITE

P/N 7699950026

STORNELLO®

- +High Grip backing disc (black)
- + diamond disc grit 1800
- + nw dust bag
- + safety kit
- + tool bag

Stornello® is able to accomplish every task. Thanks to its action – combined with High Grip backing disc and with last generation diamond discs – even an extremely hard stone like granite can be treated and restored in the best way.

METAL

P/N 7699950032

STORNELLO®

- +XXHard backing disc (light blue)
- + 2 Siatop disc grit 60
- + 2 Siatop disc grit 120
- + nw dust bag
- + safety kit
- + tool bag

The combined effect of Stornello® with XXHard Backing disc (for “hard to treat” surfaces) and the abrasive discs, assures the best performance on metallic materials. Suitable for flattening and smoothing welding seams, removing old paints, erasing traces of scorches or oxidation, final polishing/satin finishing.

Equipment for Stornello®

Stornello® Marble/Stone/Concrete

P/N 7600033000

- Diamond pad Ø 150 mm grit 120

P/N 7600033001

- Diamond pad Ø 150 mm grit 220

P/N 7600033002

- Diamond pad Ø 150 mm grit 400

P/N 7600033003

- Diamond pad Ø 150 mm grit 800

P/N3900030173

- KT MEGALUX (1Kg)

to be used with a white pad

P/N 3900030312

- KT CONCRETE GUARD (1Kg)

Hardener and protective coat to be used with a white pad

[Diamond pads in finer grits are available on demand](#)

Stornello® Granite

P/N 7600034000

- Diamond disc semi-rigid Ø 150 mm grit 120

P/N 7600034001

- Diamond disc semi-rigid Ø 150 mm grit 220

P/N 7600034002

- Diamond disc semi-rigid Ø 150 mm grit 400

P/N 7600034003

- Diamond disc semi-rigid Ø 150 mm grit 800

P/N 7600034004

- Diamond disc semi-rigid Ø 150 mm grit 1800

P/N 3900030182

- KT NEW GRANITE (1Kg)

to be used with a white pad

[Diamond discs in finer grits are available on demand](#)

Stornello® Wood

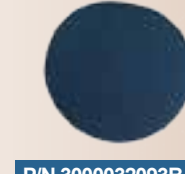

P/N 3000032089B

- Siatop abrasive disc Ø 150 mm grit 40

P/N 3000032092B

- Siatop abrasive disc Ø 150 mm grit 60

P/N 3000032093B

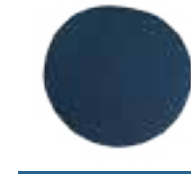

- Siatop abrasive disc Ø 150 mm grit 80

P/N 3000032096B
